VIDEO PRESENTATION

Dear Practitioner,

Welcome and thank you for your interest in our Instructor Training Program! Please prepare a DVD demonstration of yourself presenting one of the modules from the Clasp32 program within the following guidelines:

- ❖ One hour recorded presentation
- ❖ Present before at least 6 people
- ❖ Include a brief personal Introduction and overview of your topic and goal
- ❖ Present a module that you feel most comfortable with
- ❖ DVD format is acceptable
- ❖ This is an “as if” situation. Teach “as if” you were presenting to a group of Quantum Biofeedback Practitioners (at any level).
- ❖ Pay close attention to ‘language and terminology’ within compliance regulations
- ❖ The presentation should not be of you just ‘reading’ from notes...

Mail your completed DVD to:
