

*By learning you will teach; by teaching you will learn.*

## **INSTRUCTOR PROGRAM REQUIREMENTS**

- 1.** Obtain a Diplomate status through the Natural Therapies Certification Board. (www.ntcb.org.)
- 2.** Have a minimum of 2,000 hours (approximately two years) of Quantum Biofeedback practice.
- 3.** Complete the reading and writing assignments as per The Quantum Academies blueprint.
- 4.** Complete The Quantum Academies 3-step Instructor Training Program:
  - The 3-step Instructor Training program requires the trainee to sit in the Beginners class once and observe.
  - The second time, he/she would co-teach half of each day with one of the Certified Instructors. At the end of each day the instructor would meet with him/her and they would both get a chance to discuss the day and discuss any questions or concerns either party would have. Upon recommendation he/she can advance to the next level.
  - Finally, in order to complete the third step, he/she would teach the ENTIRE week by him/herself with a Certified Instructor present and at the end of each day the same meeting would occur.
- 5.** The same 3-step procedure would take place for the Intermediate/Advanced course.
- 6.** Only Certified Instructors completing this program are authorized to issue The Quantum Academies certifications through an authorized "The Quantum Academies" training center.

Best Wishes,

Director of Education
